**Wee Piggies and Paws Life Castings**

Isn't amazing how fast children grow up? Wouldn't it be nice if you could capture a little bit of that childhood forever? It is possible, thanks to local businesswoman, Michelle Funk, who has been operating Wee Piggies & Paws for the last year.

Wee Piggies & Paws creates Life Castings of little ones feet and hands. This is just one of the many things we can do. Parents can see each crease, line and dimple of their fast growing child's tiny hands or feet frozen in time.

The pieces are made by taking a mold of the baby's hand or foot using a safe, non-toxic material and capture every detail of the skin. The process takes a few moments, depending on cooperation of the child. Cleaning and preparing the product for the customer takes 3 to 4 weeks.

Customized pieces can also be created, making the product line as expansive as a customer's imagination. The look on the client's face is priceless. They can not believe how well the bronzed plaque or statue captures the child's features.

Children are not the only ones whom we can capture. Plaques and statues are also available for families, siblings, pets and sports enthusiasts.

Other than 3-D bronzed plaques and life cast statues, we also offer shadow boxes and shoe bronzing.

"I love my business. Seeing all the babies and then the reaction of the parents when they pick up the final product. It is fun, interesting and is very gratifying work."

Wee Piggies & Paws was started by Debbie Cornelius of St. Catherines, Ontario. In two short years, there are now 30 franchises across the country.

For information please visit us at <http://www.weepiggies.com> or call Michelle Funk at 471-5437.

**Now and Then: The Coolest Scrapbook for School Aged Children**

Vancouver graphic designer, Lara Shecter has created a lasting keepsake for kids and parents to capture memories and magic of a child's school years.

tools then can use to take care of the ME in Mommee! Her book is available at local bookstores. Check out Tracy Lyn Morland's website at [www.TracyLynMoland.com](http://www.TracyLynMoland.com)

**Local Author Pens Book for Young children on Bullying**

Bullies are a growing problem in our schools and neighbourhoods. This children's discussion book, *The Bully*, addresses the issue of bullies in the school and gives helpful suggestions to both children and parents on how to deal with the stressful situation in a positive manner.

Originally published as an e-book, *The Bully* received much interest as well as repeated requests for a print version. That enthusiasm, resulted in the paper publication of the book.

In *The Bully*, a story about bullying is followed by a question and answer section for children. The questions help children express their feelings about bullies, and the answers provide practical ways to deal with bullying. The illustrations for the story can be coloured while the subject of bullying is discussed.

The adult's section of *The Bully* contains a question and answer portion that informs parents and caregivers about bullying. It also gives effective information for dealing with a bully in a manner that provides a positive role model for children. Additional informational resources are also provided.

*The Bully* is an invaluable aid for parents, schools, community organizations, and agencies working with children.

*The Bully* is available from McNally Robinson and The Explore Store. For more information on *The Bully*, please contact: Rita Y. Toews at (204)661-2734
